-  **1. There's a humongous spider on your bedroom wall! You:**
- howl hysterically for help!
 - squash it with one of your boots – no biggie
 - carefully remove it from the wall and carry it back to its natural home outdoors where you release it
-  **2. Your mom is throwing you a 12th birthday party. You:**
- demand to have everything your way – the music, the cake, the guest list, the presents, etc.
 - tell Mom what you'd like, then let her surprise you with the rest
 - let Mom plan the whole thing
-  **3. You're at a theme park with friends. Everyone wants to ride Roaring Wild Rivers. You:**
- sit the ride out – you don't want the water messing up your new 'do
 - ride it with your friends but try to avoid the waterfalls so you don't get too wet
 - get soaking wet and are first in line to ride it again
-  **4. You treat your little brother or sister (or younger cousin/neighbor):**
- like your mini-maids, demanding that they do your chores and serve your every whim
 - like your little bro' and sis — sometimes you boss 'em and other times you're cool with 'em
 - like your little friends
-  **5. Your parents want to take the family on a camping trip. You say:**
- "Only if there are showers available 24/7 – I cannot go 3 days without washing my hair!"

 - "Cool! I've been watching 'Survivor' and am ready to try what I've learned."

 - let him walk home with you from school, but insist upon carrying your own books
 - ask him if he wants to go see the latest horror movie with you and some friends
-  **7. You want the lead in the school play but your best friend gets it. You:**
- throw such a hissy fit that your friend lets you have the part instead
 - quit the play – too much drama!
 - congratulate her and hope you get another part
-  **8. The hair stylist cuts your hair waaaaay too short! You:**
- cry hysterically and lock yourself in your room, vowing not to come out until it's grown back – and all the while plot revenge on the hair stylist
 - make your Mom buy you a bunch of hats you can hide under for awhile
 - say "whatever" and embrace a whole new look
-  **9. Your best friend asks you to watch her dog while she's on vacation. You say:**
- "Ewww! No way! Dogs slobber, have bad breath, and get hair all over your clothes!"
 - "Sure, no prob.," even though you're allergic to dogs; hey – you can suffer for a few days, she's your best friend
 - "OK"
-  **10. At mealtimes, you:**
