

Butterflies On Canvas

What You Need:

Butterfly punch (or template on next page.

Template can be resized to make a variety of butterflies, too.)

Stretched canvas – size of your choice

Colored paper (construction paper or regular paper is fine) – assorted pastel colors

Glue

Pencil

Large circular template (i.e. plastic lid)

How to make the project:

1. Using a large butterfly punch, or template, cut out lots of butterflies in bright pastel colored paper. Score and fold the wings of each butterfly outward.
2. Lightly draw a large circle onto the stretched canvas, and randomly glue the butterflies within it.
